ANNUAL REPORT

—OF THE—

SCHOOL BOARD.

There have been, the past year, five schools in the different parts of the district, where they would best accommodate the scholars. Owing to the small amount of school money we were unable to have but thirteen weeks of schooling during the year, except in No. 1, where, by uniting with Hill, they had nineteen weeks. Considering the small amount of schooling we think, as a whole, the scholars have done very well. We sincerely hope the District will see the necessity of raising more money the coming year so the children can have a better chance of obtaining an education. We think we are behind other towns this in matter.

REPORT OF THE

Board of Education.

—OF—

UNION SCHOOL DISTRICT NO. 2.

This school has been in session the usual time of three terms of ten weeks each, excepting the Primary department, which was cut short one week on account of the illness of the teacher.

The Board of Instruction was the same as reported one year ago with a single change. Miss Lizzie B. Bishop declining further service, Mr. John P. Drake was put in charge of the Grammar department for the fall and winter terms.

There have been no essential changes either in text-books or courses of study.

Speaking without discrimination we would say that our teachers have been alive to their duties and zealous in the execution of their work, and there is very much to commend in both the method and matter of discipline and instruction. The pupils generally have made good progress in their studies and the grade of scholarship has been raised very perceptibly during the year.

With the exception of the last term, which was seriously disturbed by the prevailing la grippe, the record of attendance and punctuality has been quite satisfactory.

The finances of the district have been carefully managed by the Treasurer of the Board, Dr. H. B. Fowler, whose account in detail will be duly submitted. It is a pleasure to report the district out of debt, the bills of the year fully paid and a respectable balance standing to the credit of the treasury.

The Board of Education, appreciating the fact that both the failures and the successes of the past may afford rich lessons for future guidance, look forward hopefully to a still more greatly improved condi-

tion in the affairs of this school and to a grade of scholarship which shall be a thing of praise on the lips of all the people.

The Roll of Honor includes the names of pupils who have not been absent or tardy during any term. Pupils whose names are marked with an asterisk have been neither absent or tardy during the year.

ROLL OF HONOR.

High School—Myrtie Bingham, Ida Pattee, Lulie O. Sanborn, Jessie Alexander, Maud Ackerman.

Grammar Department—Rose Follansbee, Grace Dearborn, Edna Tilton, Elfleda Calley, Arthur Hammond, Fred Bingham, Ulysses Buxton, Charlie Dickinson, Everett Merrill, Willie Sanborn.

REPORT OF TRUSTEES

—OF—

Minot-Sleeper Library.

During the past year the Minot-Sleeper Library has been opened to the public, for issuing books, each Saturday afternoon and evening. There have been drawn from the library, during the year, 4,973 volumes. The number of patrons of the library the past year has been 657, an increase of 75 over the preceding year. The number of books now on the shelves is 1830, an increase during the year of 209 volumes. No book has been permanently lost since the library was opened on Feb. 25, 1885.

As is well known, in 1888, Hon Josiah Minot and Hon. S. S. Sleeper generously offered to pay $112.50 annually for the purchase of books for this library, provided the town would annually appropriate the same amount for this purpose. The town wisely accepted the conditions of this gift and in October last the trustees came in possession of the first yearly instalment of $225 under this agreement. The greater part of this money has been already expended in the purchase of new books, and this amount coming annually into the treasury of the library will enable the trustees to keep the books on the shelves abreast of the leading thought of the day.

In response to the increasing demand, a catalogue of the new books will be issued in the early summer supplementary to that issued in 1885.

Carefulness in the use of the books is one of the conditions of the privileges of the library. While the large majority of its patrons use the books with scrupulous care there are a very few who need to be reminded of this condition.

The reference books now on the shelves afford a vast store of information for the scholar, the mechanic and the farmer, and we desire to again call the attention of the people of Bristol to the fact that all persons have the privilege of taking those books from the shelves during library hours, and occupying seats at the table within the rail for their examination.

For the Trustees,

R, W. MUSGROVE, Chairman.

J. M. BISHOP, Secretary.
